

# You Can Do It Too

# You Can Do It Too

## Four times winner of the NSW Dept of Education & Training Frater Award for Excellence.

In You Can Do It Too, Llynda plays a character called Madeline, a working mum, who enjoys her cleaning job but whose real passion and hobby is juggling. The audience enters to find Madeline at home, surrounded by bright furniture and wearing colourful clothing. Using juggling as a metaphor for learning, Madeline discovers that mistakes are OK, that is how we learn and with encouragement from the audience she decides to audition for a job in a circus.

Llynda brings amazing juggling and balancing skills to this performance, including the balancing of a golf club on a ball on another golf club balanced on her head. The number and array of objects juggled by Llynda is astounding. The usual balls, batons and plates are accompanied by feather dusters, tennis racquets, cartons and eggs and are thrown up, down, sideways and around and of course are always caught.

This inspiring program supports the PD/Health/PE School Curriculum in the areas of self esteem, self confidence, self discipline, self determination and encourages the development of motor skills.

---

**What schools have said:** Very talented and entertaining performance. Thanks! Great message about value of practicing and imagining what we want to achieve.

*Kathy Clout. K-6. Emerald Christian College. QLD.*

It was a very engaging show which involved the students. It also sent a very positive message to students that you can believe whatever you put your mind to as long as you persevere, never give up. She put on a very good show which the students enjoyed. *Carole Reinhard. K-6. St Mary's Catholic School. Wellington. NSW.*
