

Dance ★ Magic

Get the students up
and moving!

Dance Magic incorporates fun dance mash-ups (medleys) including dances such as the Macarena, Hokey Pokey and the Chicken Dance with slight of hand magic to captivate and enthrall the young audience.

The star of the show is Drawing, a face that has been sketched on a pad in front of the children that comes to life, first looking around the room and then talking. This drawing of a cheeky monkey continues to move even when out of Alistair's hands. From the moment Monkey's mouth is drawn he starts talking, telling Alistair how he is to be drawn and giving his humorous comments on everything. The hilarious dialogue continues right up until the drawing is torn from the pad and given to an audience member.

Children get to join in most of the dances; doing the actions to the Chicken Dance, forming a Conga line and some are called up on stage to assist in making effects for the disco using swirling disks and ribbons.

Dance Magic! combines humour, audience participation, surprise, costumes, magic and of course dance in this most enjoyable performance.
