I would love to become better at:

---

---

Llyndas love of juggling gives her a dream of being a professional juggler!

Do you have any dreams of what you want to be when you grow up? Or even any dreams of something you want to be able to do before you get to year 6...List them below:

When I grow up I want to be able to :

---

---

---

Before I get to year 6 I want to be able to:

---

---

---

Before the end of the year I want to be able to:

---

---

---

**Draw a picture below of you achieving one of your dreams.**

In Llynda's performance we learn that being able to first imagine something is the first step to being able to achieve it. To achieve our dreams we need to believe in ourself. To do this, we need to have confidence and try our best.

Sometimes it can be hard to stay confident when you are struggling with a task.

Below are some common statements that may make you feel like you are unable to do something and a positive statement to help build your confidence and encourage persistence.

I can't do math  
problems

I'm not good at sport

I've made a mistake

I think I need to ask for some help with my math

I'm practicing to become better at sport

My mistakes will help me learn

Using the spaces below correct some of the following statements to something positive.

This is too hard

## Goal Setting Activity

Class discussion:

What is a goal?

A goal is :

---

---

For Example in Llynda's performance her GOAL was to become a professional juggler.

Make a list below of goals you would like to achieve.

For example: Read a book a week, Do more exercise, Get more sleep, Make your bed every morning.

List each of these Goals below.

After making your list, pick the one you most want to achieve.

Goal:

1.

2.

3.

The first step to achieving your goal is to believe you can.

The second step of achieving your goal is planning how to do it!

Ask people who can help such as your parents, teachers, sport coaches, school counsellors etc and plan small steps to help you get closer to your goal.

Third step is to create an action plan

## Creating an Action Plan

For example if your goal is to become a better soccer player, then your first step is to imagine being a better player, your second step is to talk to someone who can help, your third step may be to play more soccer each day after school, or to start lessons to help you get better.

Your "Action Plan" may look like this

Goal: To become a better friend

Step 1. Imagine that I can do it

Step 2. Smile each day

Step 3 Say hello to all the children I meet at school

Step 4 Ask everyone to play

Step 5 Keep following step 1-4 for a whole week

Step 6 Ask myself, have I achieved my goal?

Using the example above, create your own **action plan** for one of your desired goals with a set finish date.

**Goal:**

**Step 1:** Imagine and believe in yourself

**Step 2:**

**Step 3:**

**Step 4:**

**Step 5:**

**Step 6:** Ask myself, have I achieved my goal?

**If not, continue back to step 1.**

**Achieved your goal? Continue to Step 7.**

**Step 7: Be Proud of yourself! You have achieved your goal!**

**Color in the trophy below, and write what goal you have achieved!**
